

**Upright Monument** is placed above ground with a foundation underneath. The granite can come in a variety of shapes, designs and sizes and made to be a single or companion memorial.

**Bench Memorials** are a beautiful statement in any location and come in many sizes and shapes

Ask about a **Columbarium** specifically for Cremations.

**Bronze Markers** are timeless and can be a flush marker or a plaque added to any shape granite memorial.

**Riverview Monuments** is a part of Tufts Schildmeyer Family Funeral Homes & Cremation Center "Family of Service".

We are family owned and operated since 1840.

**Flush Markers** are placed in the ground.

The face of the marker is flush with the ground.

**Slant and Bevel Markers** are midway in height between flush grave markers and uprights. They are placed above ground with a foundation underneath. Standard bevels measure 2 inches higher in the back and the face has a slight slant. The standard Slant marker is 16 inches higher in the back.
