Personalized Keepsake Options

Living Memorial Urn

Memorialize your loved one by planting a tree in memory of your loved one along side the cremains. Full kit includes biodegradable urn, tree seedlings of your choice, aged wood chips, root protect system. Add a memorial tree plaque as well to personalize your tree.

Memory Glass Keepsakes

By suspending cremated remains within solid glass globes and pendants, Memory Glass provides a unique method of memorializing your family and friends. Using an extremely small amount of cremated remains, every member of the family can have their own tangible keepsake that will last forever. Please ask for a brochure for all offerings.

Crystal Glass Remembrance

3D crystal images are three-dimensional portraits created from two-dimensional photographs. Our computer software adds depth to the subject's facial features to create profiles of the face. All backgrounds are removed so that the focus is on the 3D reproduction of the individual engraved in our crystal.
